# Many are Taken as Haig's Troops Smash Forward

**WITH THE BRITISH ARMIES IN FRANCE, Aug.**  
25. — British troops are reported today to have reached the outskirts of Suzanne, two miles east of Bray-sur-Somme, and to be near Cappy, slightly less than two miles southeast of Bray on the south bank of the Somme. A heavy rain fell this evening.

**WITH THE BRITISH ARMY IN FRANCE, Aug. 25, 10 p.m.**—On some parts of the northern battle front the British have reached points 1000 yards from the old Hindenburg line, which seems strongly held.

In addition to crossing the Albert-Bapaume road at many places, the British have made progress southward for a considerable distance, with the cavalry operating in front of the infantry.

**LONDON** (via Montreal) Aug. 25.—It is reported that British outposts have reached the fringe of Ballecourt, which lies seven miles northeast of Bapaume, and captured High Wood, east of Albert. Reconnoitering patrols of British troops are entering Bapaume.

LONDON, Aug. 25.—The British troops made further progress today and have taken many prisoners, notwithstanding the arrival of German reinforcements on the battle front, according to Field Marshal Haig's report tonight.

BRITISH FRONT IN FRANCE, Aug. 25 (Havas Agency.)—Forty-two German divisions have suffered considerable losses in the present drive, losing 40,000 soldiers, including several hundred officers, in prisoners alone.

The capture of one officer and four gunners of an Austrian battery confirms the presence of Austro-Hungarian artillery on the western front.

LONDON, Aug. 25.—Field Marshal Haig today continued his attacks against the Germans north of the River Somme. Containdoun, three and three-quarter miles northeast of Albert, and Warlencourt Enlaurout, on the Albert-Bapaume road, three miles southwest of Bapaume have been captured by the British, according to the official statement issued today by the War Office.

**BRITISH CONTINUE FORWARD SMASH.**  
[BY ATLANTIC CABLE AND A. F.]

WITH THE BRITISH ARMY IN FRANCE, Aug. 25. — The British continue smashing the Germans toward the old Hindenburg line, which almost has been reached in the northern battle zone. The defenses of Bapaume have either already been captured or are in process of being captured. Bapaume itself must fall shortly.

The Germans exhibit signs of cracking at some places, but are offering desperate resistance. Many more guns, some of large caliber, have been taken. One British corps alone has counted eighty guns.

There is evidence of confusion in the enemy rear. Units of the same divisions hurried into the battle have been taken at points separated by many miles. Quantities of material are falling into British hands because the Boche has now troubleed to apply the torch or explosives.

At the end of the Albert front, the numerous British patrol were seen entering Martinpuich, where apparently the Boche made good his escape.

High Wood, a strong position near Longueval (northwest of Com'les), is reported captured, while Eaucourt l'Abbaye, Contalmaison and Courcellette have been occupied by the British.

Meanwhile some of the heaviest fighting of the war is going on in the center of the front, where the Germans are loath to part with the town, which has a great strategic value.

Warlencourt, an important position just south of Bapaume, on the road to Albert, which has been widely crossed, was taken yesterday after a bitter struggle in which the Germans suffered very heavy losses.

Great numbers of the enemy were captured during the day, among them a large party from the Third German Naval Divisions.

So far as the British advance is concerned today, that it is impossible to be certain where the front lines will be located from one day to the next.

Sapièries is completely in British hands after hard fighting. At last night's operations the British won a slight victory today, in which battle was being fought at Mory and its environs, where the lines ran through St. Leger was captured and left for the British to occupy.

After having once been repulsed in Croixelles, the British withdrew to the outskirts. The Germans counter-attacked heavily and the British retired to the edge of the village.

In the place, while pressing forward to the outskirts of the village.

This practice of withdrawing from any place where heavy combat is taking delivery, then re-shelling the area, is characteristic to the north and south, eventually getting into a position somewhere between the two sides of the front.

Results, not only in saving British troops, but in netting large numbers of the enemy, have been noted at Neuville-Vitasse and almost up to the Scarpe, the line at last rapidly advanced, and the Germans ran through the outskirts of the village.

Severe fighting was in progress there.

The Bapaume-Peronne road was attacked by British armored cars which, during the past twenty-four hours have been performing wonderful service, scouting far ahead of the infantry. Some of them have been performing such work as overtaking retreating enemy transport columns and inflicting terrible damage upon them and bodies of troops with their machine-guns.

Co-operating with the armored cars, the tanks again have been in action, following the waves in advance of the infantry, sweeping over debris and snafing off enemy roads and bridges, the cause of perfect deeds of fire.

## THREES LUSITANIA OWNERS OF LIABILITY IN SINKING.

### Judge Declares Reparation for "Indefensible Act" Will Come from German Government.

NEW YORK, Aug. 25.—The Cunard Steamship Company cannot be held liable for loss of life and property in the torpedoing of the Lusitania by a German submarine.

A decision handed down in the admiralty branch of the United States District Court by Judge Julius M. Mayer to that effect was made public today.

"The cause of the sinking of the Lusitania was the illegal act of the Imperial German government, acting through its instrument, the submarine commander," declared Judge Mayer, who held that the company must be held upon those who are responsible for the sinking of the vessel in the legal as well as moral sense.

In dismissing suits against the Cunard Line aggregating nearly \$4,000,000 brought by heirs of persons who perished with the Lusitania on May 7, 1915, Judge Mayer asserted that "it is not to be denied that the United States of America and her allies will well remember the rights of those affected by the sinking of the Lusitania, and that the time shall come when it will be made for the most indefensible acts of modern times."

**NO NEGLIGENCE.**

Judge Mayer dismissed the claim that the Lusitania was negligent with the conclusion that the captain and members of the crew took every precaution justified by the then known facts, both before and after the vessel was torpedoed.

"It is, of course, easy now," he said, "to see the many later events added to preceding acts, to look back and say that the Cunard Line and its captain should have

Many tanks returned to their line with all paint shot off their steel sides by machine-gun bullets. At some points the Germans approached the tanks as soon as they saw them, with hands high above their heads, fearfully shouting "Halt!"

When Thiepval Ridge fell into British hands yesterday, troops pressed forward at both sides and the numbers of British soldiers were pinned. They promptly threw away their helmets and other equipment and, with hands raised, walked toward the British rear. In the neighborhood of Thiepval a British detachment during the night of the advance, managed to reach the front and found itself surrounded by the enemy. The detachment was pinned and the British rear. ## HUNS HOPELESS SAY PRISONERS.

### Captured Teuton Officers no Longer Arrogant.

Ask if Germany has not been Sufficiently Reduced.

### Admit American Soldiers are Formidable Foe.

(BY ATLANTIC CABLE AND A. P.)

BRITISH ARMY HEADQUARTERS, Aug. 25.—The demeanor of hundreds of German officers, taken prisoner recently, is in striking contrast with the attitude of officers captured during the British retreat last spring. Then German officers were arrogant, and meant to crush the British to earth, but now they are depressed and very anxious. They appear very willing to talk and the tenor of their conversation may be summed up as follows:

"They say Germany entered the war with enthusiasm, but this has long since disappeared and the struggle has now become an economic one with Great Britain."

"They admit that Germany is practically bankrupt and that the economic and financial power of the British Empire is far greater than Germany's."

"They believe that Germany cannot now consider the British as a dangerous trade rival, or whether the British intend to crush her altogether."

"In the latter case, they say, Germany will be forced to fight to the last, but they make no effort to conceal their impression of what this means for the Fatherland."

"They are generally unanimous in agreeing that the annexations thus far made and the Brest-Litovsk peace treaty were a great mistake, but they do not wish to withdraw from Russia in the present condition of affairs there."

"They are aware that the American army now has assumed very formidable proportions, and there is a general admission of the seriousness of this factor."

"The submarine campaign they cannot refer to without gestures of impatience."

"Captured non-commissioned officers attribute recent German defeat to the inefficiency of their service, and more especially to the inexperience and lack of stamina of the latest recruits, who are inadequately drilled and trained, and who are physically incapable of sustaining the heavy strain of defensive warfare."

"The new recruits, they say, 'produce in a company a demoralizing effect, and the German army must be reduced to employ such poor material.'"

## CHICAGO BOY AVERTS TROOP-TRAIN WRECK.

(BY A. P. NIGHT WIRE.)

CHICAGO, Aug. 25.—Boys playing along the tracks of the Illinois Central Railroad, on the South Side, noticed a switch thrown just before the arrival of a train bearing troops. One of the number, Richard McNamara, ran to the switch and turned it into proper position and a moment later a troop train rushed by. Although the incident took place Friday evening, the Chicago Post reported that the boys' actions averted a disaster.

## SHORTAGE OF FIREMEN FOR MERCHANT MARINE.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 25.—Because of serious shortage of firemen for the merchant marine, Chairman Hurley of the Shipping Board yesterday announced that men from 18 to 25 years old will be accepted as firemen.

The age limit had been 21 to 31. Special training will be given volunteers before sending them to sea.

## LEWIS UTTERS NEW POLITICS.

### Senator in France Forecasts Campaign Issues.

Foreign Alliances to be Paramount, in His Belief.

### Government Ownership Chief Domestic Topic.

(BY ATLANTIC CABLE—EXCLUSIVE DISPATCH.)

PARIS, Aug. 25.—Senator J. Hamilton Lewis of Illinois, in France on a government mission, said today that the Congressional elections this fall would furnish ample proof to Europe that the Wilson administration has the support of the entire country in its war policies. Then the Senator jumped ahead two years to the Presidential campaign of 1920 and in the course of a long breakfast interview gave a forecast of what is going to happen in American politics.

"Of the present Republican and Democratic parties," he said, "we will have nothing left but their names. The names will stick because they are old, but the parties are already finished, as far as their former traditions and activities are concerned."

"The next Presidential campaign will be on issues growing out of the international peace conference rather than directly out of the war itself. There will be then the big international issue in American politics on whether the United States should have formal defensive and offensive alliances with other countries, or continue the old freedom and route the privilege of co-operating in the future with this or that country or group of countries long enough to attain a specified worthy object."

"There are bound to be two opinions on that question, and it will make our foreign policy the biggest issue in the 1920 election."

"For that same campaign there will be two big domestic issues. The first is, shall a new government insurance be continued and shall government control or ownership be continued as a permanent policy in America and extended to include even more of our commercial industrial activities than at present."

"These are to be the cardinal points of American politics, immediately after the war and for a long time to come. There is nothing in either touching the past traditions of the United States. There is nothing left of the old issues. The tariff is no longer a party issue, but a matter of international book-keeping. The states right issue has been killed by the South itself through its attitude in various recent questions."

"The new party alignment will be chiefly on the foreign policy. We will find a group in the South and West who will favor strong, permanent foreign alliances. In the West the tariff will be all the other way because of the great element of the population. No doubt there will be great changes in immigration law. Through immigration America must make use of its unutilized land."

"Draw a line between Omaha and St. Paul and another between San Francisco and Seattle. Between those two lines we can find room for 25,000,000 immigrants allowing to each of them a farm as large as the largest peasant farm now cultivated in Europe."

"These agricultural immigrants would be discouraged from coming if America had formal alliances with some countries, but not with others. Those from nations with which we had no formal alliances would feel that the average work discrimination against them would feel themselves well as members in our citizenship. We would produce for ourselves situations out of which friction would grow. America cannot afford to have such a large element of discrimination in its population."

## NO MORE CHEAP PRICED CLOTHES.

### War's Use of Cotton Forcing Values Higher; End is Not in Sight.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Aug. 25.—Gone, never to return, are the cheap pre-war prices of clothes. That is the view of an expert writing in a British trade publication, and he predicts another rise soon.

Every shirt fitted from a 15-inch arm, he says, uses up half a bale of cotton, and in three minutes a machine gun will squander a full bale.

The price of woolen cloth today is from two and three-quarters to three times greater than it was in July, 1914.

Linon prices this year, it is stated, probably will keep at least 33-1/3 per cent. above those of 1917.

## UNITED STATES GETS BIG CREDIT IN SPAIN.

(BY ATLANTIC CABLE AND A. P.)

MADRID (Spain), Aug. 25.—El Liberal today announced that negotiations were proceeding for a commercial loan between Spain and the United States.

"Spain," the newspaper says, "is opening a credit of 500,000,000 or 600,000,000 pesetas, the United States giving as a guarantee the signatures of American firms exporting cotton to Spain. With this credit, the United States will be able to purchase in Spain some of the products necessary for its army in France without the necessity of changing dollars into pesetas and thus avoiding the reduction in exchange."

"Ambassadors Willard and other American officials have had several interviews with the members of the Spanish government and it is believed that the basis of an agreement has been reached. The interest payable on the loan has been the subject of discussion, the United States offering to pay 5 per cent. America offers to pay the balance remaining of the loan in Mexican gold on the day of liquidation."

Slacker Stabs Himself, but Lives. (BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Aug. 24.—Following his conviction in the United States District Court of failure to register for the draft, and on the eve of being taken to Fort Scott to be inducted into the military service, Curtis W. Coggins of Oakland stabbed himself three times in the breast today. The act was committed in the County Jail. Coggins was removed to a hospital, the Presidio, where it was stated his injuries were not serious.

URUGUAY DINES ITALIANS. (BY ATLANTIC CABLE AND A. P.)

MONTEVIDEO, Aug. 25.—President Viera has given a banquet to the Italian delegation to the Peace Conference, headed by Signor Luciani. Most of the diplomatic representatives here were present. The visit of the Italian delegation to Uruguay has aroused new commercial interest in Italian products.

## CHECKS DRAWN USED AS BUSINESS INDEX.

### FEDERAL RESERVE BOARD IN- AUGURATES SYSTEM OF MEASURING VOLUME.

(BY A. F. NIGHT WIRE.)

WASHINGTON, Aug. 25.—As an index of the volume of banking business the Federal Reserve Board yesterday issued the first of a series of weekly reports showing the total of checks drawn on banks in 110 cities throughout the country. Since these records cover thousands of checks which did not pass through clearinghouses, the reserve board believes they will prove much more reliable as indexes, not only of the volume of business done in each community, but also of increases or decreases from time to time. It was the first of a number of statistical reports to be made by the Federal Reserve Board shortly covering a wide field of economic subjects.

Today's report shows that the volume of checks drawn in the 110 cities during the week ending August 21, 1918, was \$3,743,707,000, or \$374,000,000 less than the \$3,743,400,000 reported for the week ending August 13. Checks drawn on banks and bankers' accounts amounted to \$3,143,947,000, or \$314,400,000 more than the \$3,143,500,000 reported for the earlier week. The total drawn on both accounts was \$3,358,450,000, which included \$2,750,000,000 for future reports will cover the week ending Wednesday.

## RUSSELL'S TEMPLE IN BROOKLYN IS SOLD.

(BY A. F. NIGHT WIRE.)

NEW YORK, Aug. 25.—The Russell Temple in Brooklyn, used as headquarters by the followers of the late Pastor Russell before the cult attracted the attention of the Federal authorities and eight of its leaders were sent to the penitentiary for conspiracy to obstruct the draft law, has been sold to a firm which will use it for the manufacture of war munitions.

## MOTOR TRUCKS TAKE TOBACCO TO TROOP.

(BY A. F. NIGHT WIRE.)

NEW YORK, Aug. 25.—With the advance of the Allies the Knights of Columbus have put into operation a motor delivery service between ports of embarkation and the front line in France, and this service will be expanded as rapidly as possible, according to announcements made here after a conference between the knights' overseas commissioners and a commission on war activities.

## SOCIALIST MISSION VIEWS ITALY FRONT.

(BY ATLANTIC CABLE AND A. F.)

**HEADQUARTERS OF THE ITALIAN ARMY.** Aug. 25.—The American Socialist mission, which has been conferred with the members of the Italian Socialist parties, made a visit to the front yesterday, first going to the headquarters of the mission and then to the front line, where they expressed admiration at the calm courage of the population, which is still staying in the city, notwithstanding the enemy's fire. Lake Garda, Bolzano and Monte Falciano were visited and then the delegation made an inspection of the American troops.

They said they found the American soldiers of superb physique, with a high morale, and making thorough preparation for active service, which they look forward with enthusiasm.

## AUTO ACCIDENTS.

Four Pasadena Residents Seriously Hurt in Topanga—Three at Harbor.

**[EXCLUSIVE DISPATCH.]**  
SANTA MONICA BEACH, Aug. 25.—Four residents of Pasadena were victims of a serious automobile accident in Topanga Canyon, this afternoon and three of the number are at St. Catherine's Hospital, where they have been given medical attention. James S. Strahan is suffering from a fractured left arm, Alice Hobbs has a compound fracture of the right leg, left arm fractured and nervous shock; L. Fraley has a broken rib and believed to have been injured internally. H. A. Togue, who was driving the car was only slightly hurt and was able to proceed to his home.

The party was coming down the canyon, with which road Togue was unfamiliar, and in endeavoring to make a short turn a mile or so up from the ocean shore he lost control and the machine rolled off the embankment, turning completely over several times.

The injured occupants of the car were picked up by other motorists in the canyon and rushed to the hospital.

**COLLISION AT HARBOR.**  
[EXCLUSIVE DISPATCH.]  
LOS ANGELES HARBOR, Aug. 25.—Mrs. C. H. Cleveland, her sister, Mrs. Roy Myers, and the latter's little son were injured in an automobile collision at Harbor boulevard, late this afternoon. Mrs. Cleveland's machine was struck by another, driven by W. E. Krichner, welding foreman at the Southwest Shipbuilding Company's yard, who was returning from Vernon.

Mrs. Cleveland was badly shaken up and bruised. Mrs. Myers was severely cut about the face and head, while the boy was only slightly hurt. Both machines were badly wrecked.

Krichner was placed under arrest and lodged in jail, and a charge of driving an automobile while intoxicated registered against him.

**LINK NAMES IN PACIFIST PLOT.**  
New Theory is Advanced in Prince Hopkins Case. Believe He and Associates Got Orders from East.

Expect to Expose Workings of "Reconciliation" Body.  
That Prince Hopkins and his associates, who are awaiting trial on charges of having violated the Espionage Act, were the Pacific Coast representatives of a nationwide pacifist group known as the "Fellowship of Reconciliation," with headquarters in Chicago, was the assertion of the Federal authorities, yesterday.

**Garbutt for McKelaine.**  
Among the enthusiastic boosters of Jeff McKelaine, candidate for re-election to the State Board of Equalization, is Frank Garbutt. Yesterday he said to Mr. McKelaine:

**Statement by Sheriff.**  
That his political opponents have made capital of the Supreme Court decision against him pertaining to the State per diem allowance for transportation and care of State prisoners, and have purposely confused this issue with the disposition of county civil fees unfavorably to influence voters, was the statement of Sheriff C. Cline yesterday.

**Graves for Economy.**  
Sidney T. Graves, candidate for the Assembly in the Sixty-third District, is making his campaign almost exclusively upon a program of economy. He has assured the voters that he will endeavor to reduce the number of State commissions and the running expenses of the administration.

**Delaney Should Win.**  
Friends of E. J. Delaney, candidate for re-election as Supervisor from the Second District, say he should win because of his commendable record. He has fought for a reduction in county expenses and his efforts have not been in vain.

**Again Scores Henry.**  
Declaring that Francis J. Henry only "joined the Democratic bandwagon within recent months," supported Wilson when he saw a good chance, and pinched off a \$25,000-a-year job, Thomas Lee Woolwine scored his opponent for the Democratic gubernatorial nomination, yesterday afternoon, at the picnic of Los Angeles Aeris No. 102, Fraternal Order of Eagles, at Selig Zoo Park.

**Political Notes.**  
At a special meeting called for the purpose last week, the Santa Catalina Island Tuna Club unanimously endorsed the candidacy of Charles W. Lyon as a staunch friend of fish and game conservation, who always has stood for the best interests of the wild things that cannot speak for themselves.

**ADOBE CASA IS BUILT AS MONUMENT TO DONS.**  
Reconstructed Hacienda will Picture Life in Early California.

WITH painstaking attention to detail, laudably as of old, the Casa de Adobe, opposite Sycamore Park, has gradually been brought to completion, and will be dedicated soon.  
Like all things of deep and genuine sentiment, little has yet been said of that monument erected to the romance of Hispanic days in California.

Casa de Adobe, where California days of old are to be given a habitation and a name. This hacienda is typical of hundreds that once reared their ample breadth in the land where sets the sun. It is being built and furnished by the Hispanic Society of California.

**FRATERNAL BROTHERHOOD HEAD WEDS IN NEW YORK.**  
WORD was received here yesterday of the marriage of Carlos S. Hardy, supreme president of the Fraternal Brotherhood, and Mrs. Agnes Rose Thomas, a prominent Hollywood woman.

**MAN IS ARRESTED AS ROBBER AFTER FIGHT.**  
After a fist fight between two men in front of the New Broadway Hotel, opposite the Courthouse, yesterday morning, Herman Kornblum, a tailor, was arrested by Detective Brown and Taylor and booked at the City Jail on the charge of robbery.

**TO ASK GOVERNMENT FOR RELIEF FROM BLUE LAW.**  
THE House closing ordinance has passed the silly stage and is seriously encroaching upon the business of the Los Angeles produce market, commission men declared yesterday. Perishable foodstuffs decay upon the floors of the jobbers, while the public is forced to fall back upon staples which otherwise would be conserved.

**POLICE SEEK WOMAN WHO DISAPPEARED.**  
LEAVES NOTE SAYING SHE IS HILD AND VANISHES STRANGELY.  
Believed to be somewhere in the city, and probably unable to take care of herself, Hazel D. Davis, 25 years old, yesterday was sought by the police following a disappearance reported to them by J. N. Pink of Hotel Victoria, Seventh and Hope streets.

**MRS. SARTORI IS HONORED.**  
Made Chairwoman of Women's Committee of County Defense Council.  
Mrs. J. F. Sartori has been appointed by the Women's Committee of the National and State Councils of defense chairman of Los Angeles county in place of Dr. Jesse Russell, who recently resigned, according to an announcement made yesterday by Mrs. Seward Simons, secretary of the Women's Committee of the county council.

**TO SCOTCH THE HUN AT HOME.**  
Public Information Committee Issues a Bulletin. Would Arm People Against Plotter in Our Midst.

"Finished Mystery" Cited as Home-made Propaganda.  
An intensive campaign to arm the people against pro-German propaganda, so that they can scotch it on sight, will open here tonight with a mass meeting of four-minute men at No. 719 South Hill street. This meeting has been called by County Chairman Marshall Stinson for the consideration of a new bulletin of information which has been issued by the Committee on Public Information.

**CHAMBER TO LAUNCH BIG WAR DRIVE TODAY.**  
Would Dedicate Every Member Anew to Service in Nation's Behalf. Expect Ready Response.  
BRIMFUL of enthusiasm, 300 of the liveliest wiles in the Los Angeles Chamber of Commerce will this morning begin a two-days' campaign of the entire membership of the organization, under the auspices of the "Till Berlin Falls" Committee.

**TO TAKE NOISE OUT OF PHONE.**  
Inductive Interference Orders are Issued by Rail Commission.  
You who have been disturbed by those mule klunks in the ear that you sometimes get over the telephone are to be comforted, for the State Railroad Commission has just issued an order to prevent inductive interference.

**Obey That Impulse!**  
Undoubtedly you have listened many times to the fascinating, melodious strains of the "True-Tone" Saxophone, and have had the desire to be an accomplished player. You can be!

**Why Not Start Today?**  
In less than 60 days you can learn, and if you read music it requires less than 30 days.

**The Possibilities of the Saxophone Are Unlimited**  
Whether you decide to play the Saxophone for the sake of health, business or pleasure, your expectations will be more than fulfilled.

**Complete Descriptive Catalog Mailed Free Upon Request. Easy Terms if Desired**  
Kathryn Thompson Higham, the well-known saxophone artist of Los Angeles, says: "I have always felt that the word 'perfection' should never be used when speaking of musical instruction. I can adequately describe my new 'BUSHNER TRUE-TONE' Saxophone."

**POPULATION** | By the Federal Census—(1910)—219,282. By the City Directory—(1915)—267,297.

## CHURCH FOLK TO CAST VOTE FOR FLOWERS.

is Declared to be Patriotism Versus  
Randall-Hearst-Pacifism.

ST. LOUIS, Mo., Aug. 25.—(AP.)—The  
Methodist church in St. Louis has  
declared its support for the  
Republican candidate in the  
Congress District who  
Charles H. Flowers, the  
not only has the en-  
dorsement of the lead-  
ing members of that territory  
Methodist has been strongly  
by representative church-  
ministers. Mr. Flowers  
church member since his  
and has contributed to  
for prohibition for  
F. Humphrey, pastor of  
Methodist Church of  
of which Mr. Flowers  
family are members, has  
following letter to church  
throughout the Ninth Dis-  
trict:

St. Louis, Flowers of this  
Republican candidate for  
He is a friend of mine  
and a friend of the Methodists  
here. I desire to solicit  
for him. He is a man  
of ability and presence,  
he will stand for a dry  
and for all righteous causes.

that Ralph has eliminated himself,  
and is not a dangerous contender.  
That statement was made for the  
purpose of discouraging my friends  
and inducing them to vote for  
Stephens. If that poll made by Mr.  
Hughes is sincere he knows very  
well that the one man whom Gov.  
Stephens must beat is Walter Hor-  
dwell. The cry about the danger of a  
man from the north winning is  
made to bolster up a campaign that  
is rapidly collapsing. I have not  
made any extravagant claims con-  
cerning Tuesday's primary election;  
but I have the assurance of my  
friends that I am going to receive  
a heavy vote, and that, in their  
opinion, my nomination on Tuesday  
is assured.

"I ask no man to vote for me  
to beat any other man in the race;  
I ask him to vote for me only if he  
feels that I am the best qualified  
man for the office of Governor of  
California, whose name will appear  
on the Republican ballot tomorrow.

"This talk of Tom Hughes is the  
cry of desperation. I state positively  
that four days ago Tom Hughes  
said that Stephens's recent action in  
the Mooney case cost him 25 per  
cent of his strength. It is an un-  
derestimate."

Ex-United States  
Senator Frank P.  
Flint On Mooney  
Case.

"In my opinion Governor Stephens  
did exactly the right thing in post-  
poning consideration of the Mooney  
case until after the election," said  
former U. S. Senator Frank P.  
Flint.

"For acting as he did in this mat-  
ter Governor Stephens deserves the  
very highest praise. To have taken  
any other course than the one he  
did would have been sure to engen-  
der in a part of the people a feeling  
that a human life had been made  
pawns in a contest for personal political  
advantage.

"No matter what decision might  
have been reached in this case, it is  
had been arrived at in the face of a  
pending election large numbers of  
persons who disagreed with the de-  
cision would have felt that such de-  
cision was prompted by a desire to  
curry favor either with the friends  
or with the enemies of Mooney.

"By postponing final decision until  
after the election, Governor Stephens  
removed the Mooney case from the  
issues of the campaign. Decision  
will be reached at a time when there  
can be no possible political benefit  
derived therefrom. That Governor  
Stephens refused to seek his own  
personal advantage in this case is  
of the Mooney case at this time, and  
was big enough to risk the displeas-  
ure of both the friends and the en-  
emies of Mooney, is the best evidence  
that he acted from a conscientious  
motive rather than from political expedi-  
ency.

"In this matter Governor Stephens  
proved himself to be exactly the type  
of man California needs in the Gov-  
ernor's chair—one whose actions are  
governed solely and entirely by prin-  
ciples of right and justice without  
regard to personal consequences.

"I have no patience whatever with  
Governor Stephens's opponents who  
are so volubly announcing what  
they would have done to Mooney had  
they been in Governor Stephens's  
place. Every such declaration is  
made in an attempt to secure votes  
either from the friends or the en-  
emies of Mooney. To determine the  
fate of Mooney or any other human  
being upon the basis of votes rather  
than of impartial justice is unthink-  
able, and Governor Stephens's critics  
do themselves no credit in attacking  
him.

The very worst thing that can  
happen in any State is that public  
confidence be destroyed in the ad-  
ministration of justice. Public con-  
fidence cannot exist whether there  
is a feeling that considerations of  
personal or political advantage enter  
into or determine the fate of any hu-  
man being. If the Mooney case had  
been decided at a time when the  
decision could have been used to se-  
cure a political advantage it is cer-  
tain that thousands of citizens would  
have believed that these unworthy  
motives, consciously or unconsciously,  
largely influenced the decision.
